

Dear

Entries to the [International Tunnelling Awards 2011](#) have been streaming in from across the globe, from organisations wanting to bring to light their innovative and inspiring tunnelling feats, and organisations providing the specialist services that support this industry. Ensure that your greatest achievements feature alongside them; [enter today](#).

Entry is quick and easy: Simply register on our [website](#), read the [categories](#) and their criteria, answer the questions and submit. A little effort now could ensure that you and your team are the ones lifting the trophy in Hong Kong this November.

Showcase your outstanding innovation on a global platform:

- **Establish** your company as an inspirational, international industry leader
- **Reward** your efforts with global recognition and increased interest
- **Enhance** your profile, network with potential clients and with your peers
