

ITA COSUF

ITA Committee on
Operational Safety of
Underground Facilities

ITA invites all parties world-wide interested in the field of operational safety and security of tunnels and other underground facilities to become member and to co-operate within COSUF. There will be exceptionally corporative members, no individual ones. The membership in COSUF has to be confirmed by the General Assembly of ITA, but is not bound to membership in ITA or vice versa. Of course, a membership in both is possible and welcome.

A numerous and wide-ranging membership will certainly help to improve and standardise the safety and security level in traffic tunnels and all other underground facilities.

COSUF Membership Subscription Form

The body stated hereinafter signer of this form hereby applies to become a COSUF member. I pay the amount due directly by credit transfer on the bank account hereunder.
