To Faculties of Engineering of Canadian Universities:

Tunnelling Association of Canada – Eisenstein Memorial Scholarship and Student Awards

The Tunnelling Association of Canada (TAC) is offering two levels of awards for postgraduates and undergraduates who are Canadian citizens and whose interests are in the field of, or directly related to, tunnelling.

I have attached application forms which describe the requirements, for each of the awards.

The Eisenstein Memorial Scholarship for a postgraduate student honours the memory of Professor Z. (Dan) Eisenstein, an outstanding professor, researcher and consultant.

Please forward this letter and attached application forms to your Civil, Geological, and Mining Engineering Departments, and others which might be appropriate, for distribution to the faculty and their students.

If there are any questions, please direct them to the undersigned at gstevenson@klohn.com.

Yours truly,

Garry W. Stevenson, P.Eng., P.Geo.
Past President, Tunnelling Association of Canada
Liaison for Eisenstein and Student Awards
